RYAN GAMING FEST, VASANT KUNJ

20th April 2022

Ryan Gaming Fest, Vasant Kunj is an Intra School integrated gaming event that aims at providing its participants with a dynamic gaming experience associated with a subtle touch of amicable competitiveness. For the past two years, children have been stuck in their homes, finding joy only through virtual wizards, & cars. We bring this event to test all the practice they have been doing and give them a chance to showcase their various skills such as spontaneity, dexterity and even leadership and take a break from the endless regime of books.
